EVERY PICTURE TELLS A STORY DON'T IT?

— Rod Stewart

It's a wonderful life in the Shannock Valley. The Shannock Valley Region is hosting the 2026 Eastern Spring Nationals on the campus of Indiana University of Pennsylvania in Indiana, PA. Indiana is known as the "Christmas Tree Capital of the World." Since 1918, Christmas trees have been grown there and are now shipped all over the country.

Indiana is the birthplace of the actor, Jimmy Stewart. The Jimmy Stewart Museum honors his early life, rise to fame as an actor and military service. Another landmark is the Jimmy Stewart Airport, which is home to a restored airplane once owned and flown by Jimmy.

While the show is in Indiana, our AACA Region is based about 20 miles away in the Shannock Valley, which is made up of many small mining towns such as Rural Valley, Yatesboro, NuMine, and Sagamore to name a few. Farming and agriculture also serve as strong economic bases.

There are four covered bridges in the area maintained and accessible to the public. The one in the picture is "Bridging the Gap" between Shannock Valley and Indiana. Then there is the car! The antique automobile in the picture is a rendering of the 1919 Dodge Brothers Touring car driven by George Bailey in the movie, *It's a Wonderful Life*.

So, from Christmas Trees to Jimmy Stewart, coal mines and farms, it really is a wonderful life in the Shannock Valley. Special thanks to our artist, Tina Avi, for helping to make our picture tell a story.
